CONGREGATION ASSESSMENT

"Have faith in God," Jesus answered. "Truly I tell you if anyone says to this mountain, 'Go, throw yourself into the sea,' and does not doubt in their heart but believes that what they say will happen, it will be done for them. Therefore, I tell you, whatever you ask for in prayer, believe that you have received it, and it will be yours." Mark 11:22-24

The Tennessee Baptist Mission Board has developed this assessment instrument to assist you in determining the areas of strength as well areas needing attention as you seek to engage unreached and unchurched people more effectively. It is our hope and prayer that this tool will enable you to identify your strengths and build upon them as well as identify areas needing attention and perhaps one of two areas that may be hindering your progress.

Instructions

- Each page consists of ten (10) statements to help you gauge your church's activity in this particular area.
- Assign a number between 1 and 4 to each statement based upon your opinion of how your church is functioning in each area. There are no wrong answers.

To help you determine the number you feel best describes your church, see below:

- 4 = my church does this with excellence
- 3 = my church is progressing in this area
- 2 = my church is weak, but functional in this area
- 1 = this is a mountain for my church

All ten statements need to be scored. Total each page and record your score on the last page. Transfer the total score from each page at the bottom.
